

Import Header Layout Pack to the Divi Library

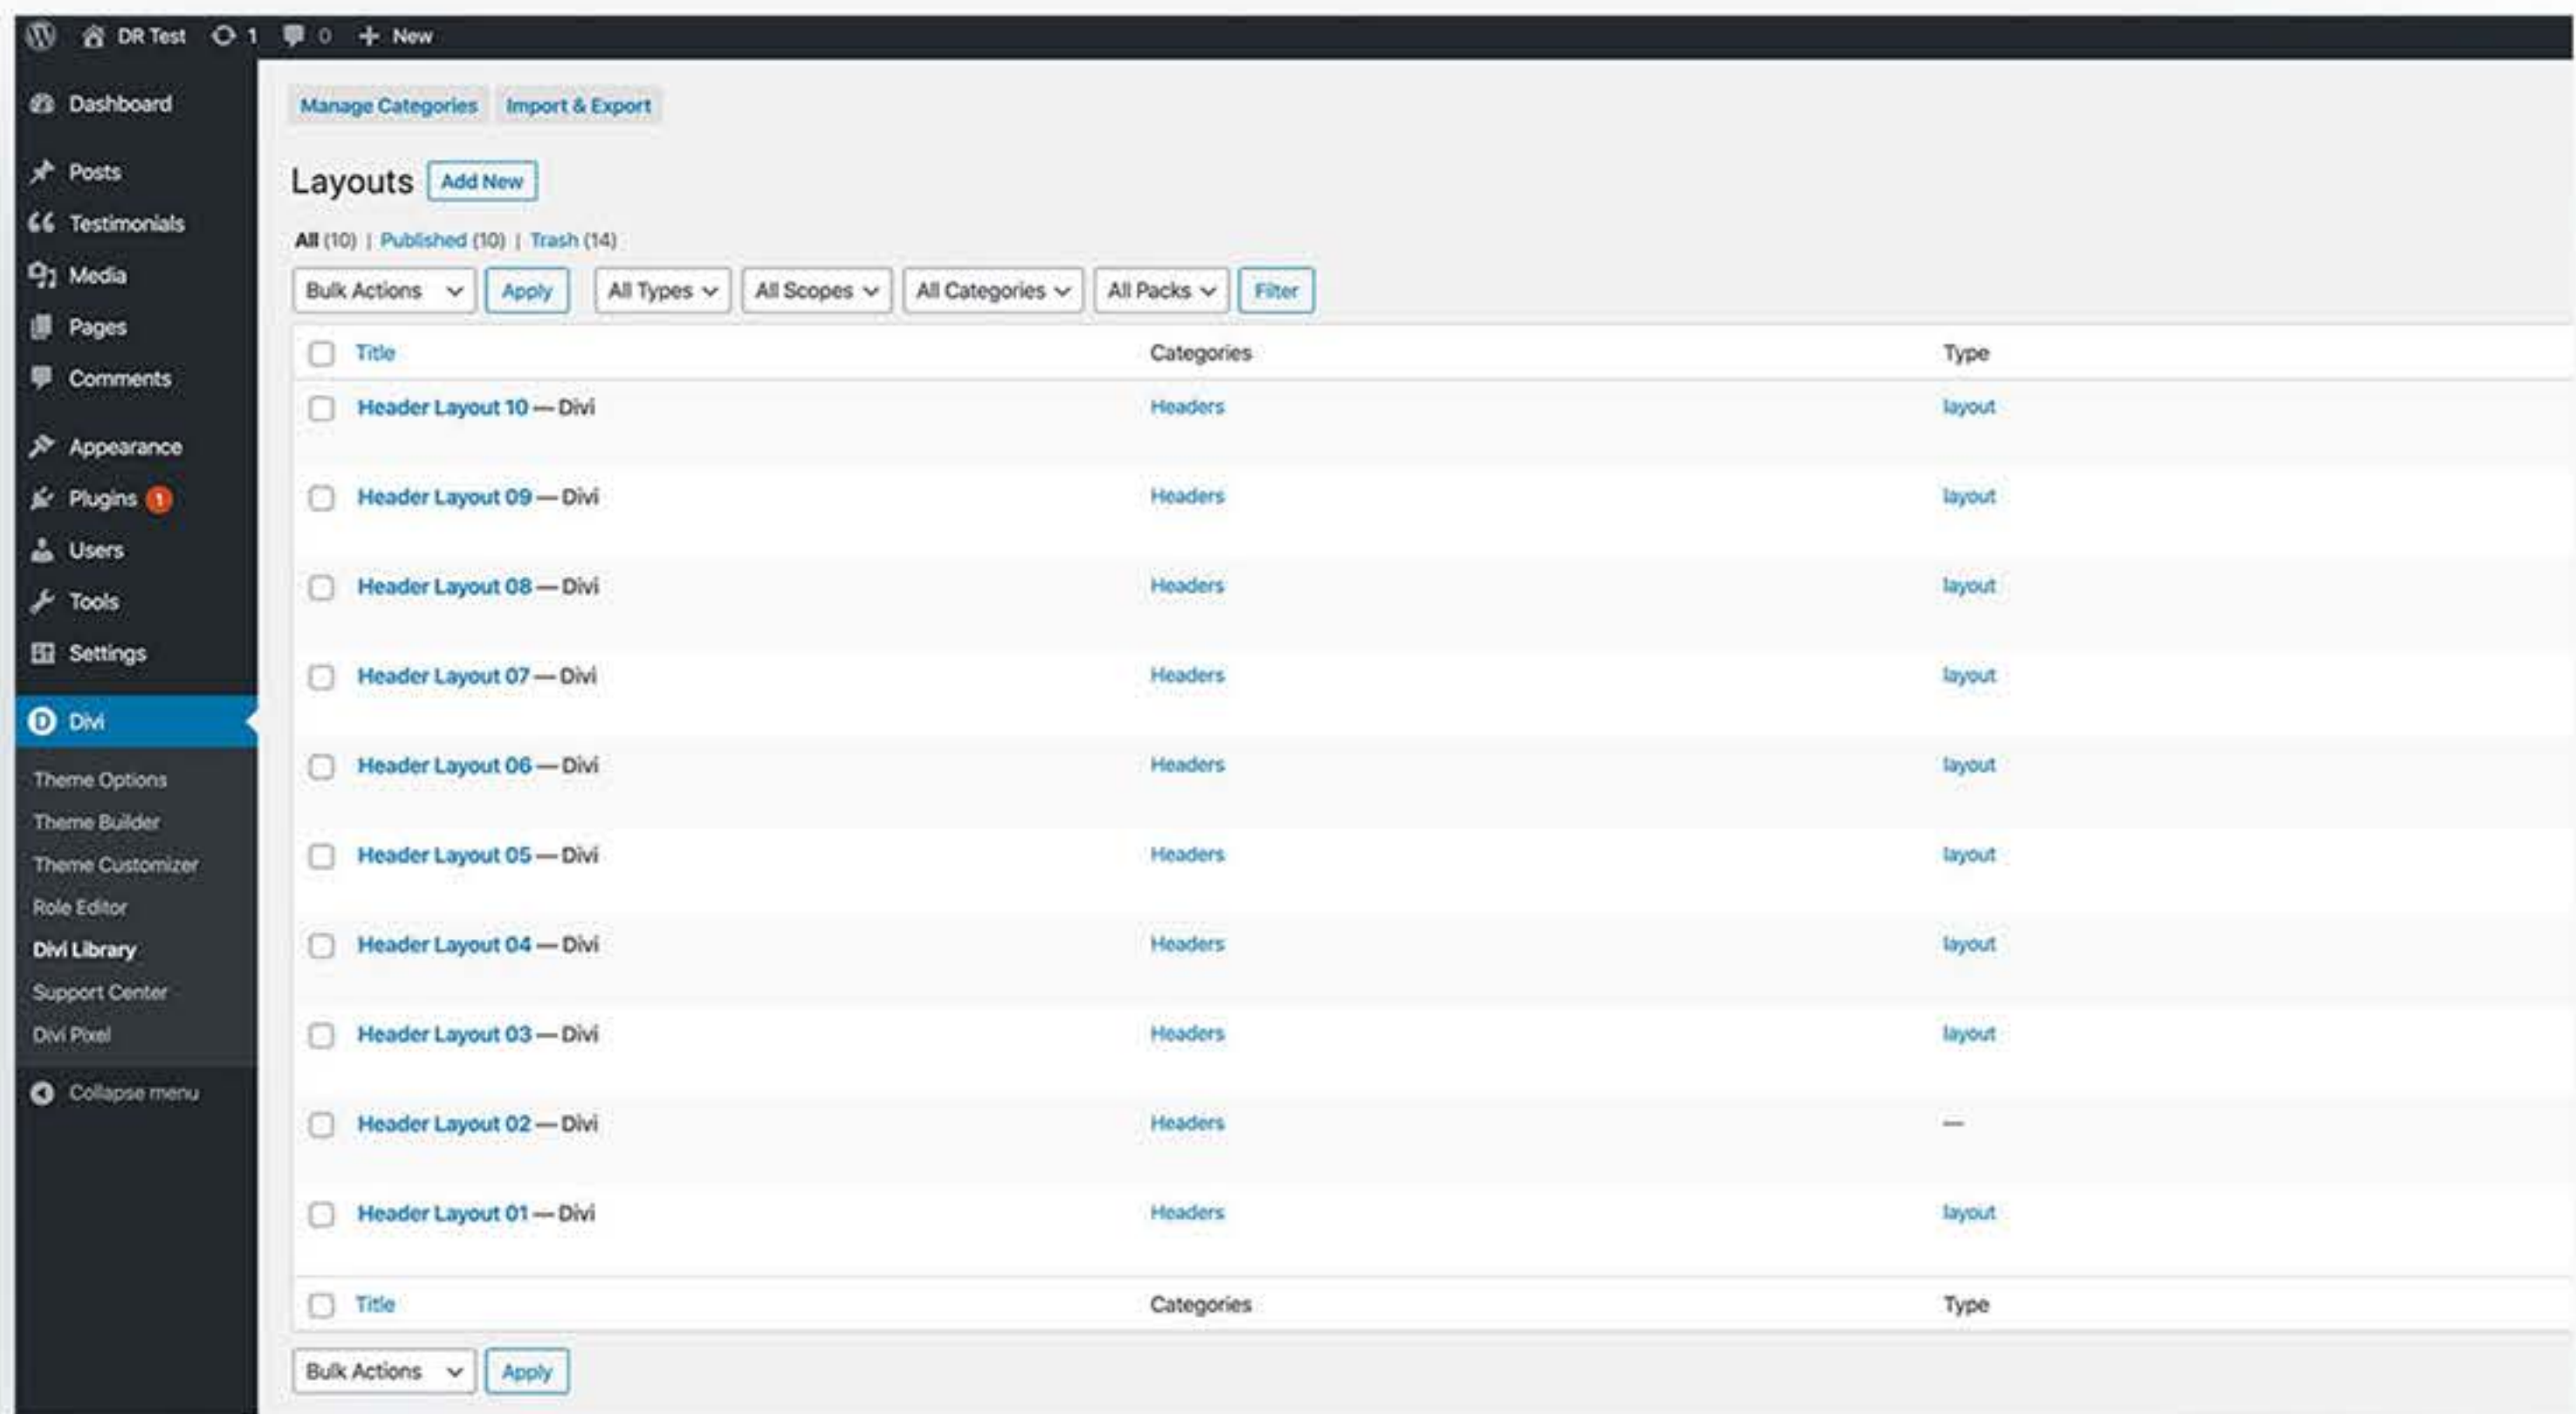

- 1 Go to **Divi/Divi Library** and click the **Import/Export** button located at the top of the screen.

- 2 In the modal popup select Import tab and choose the file you want to import. You can import selected Header Layout, or import all header layouts at once by selecting the Master file. Once you select a layout for importing, click **Import Divi Builder Layouts** button.

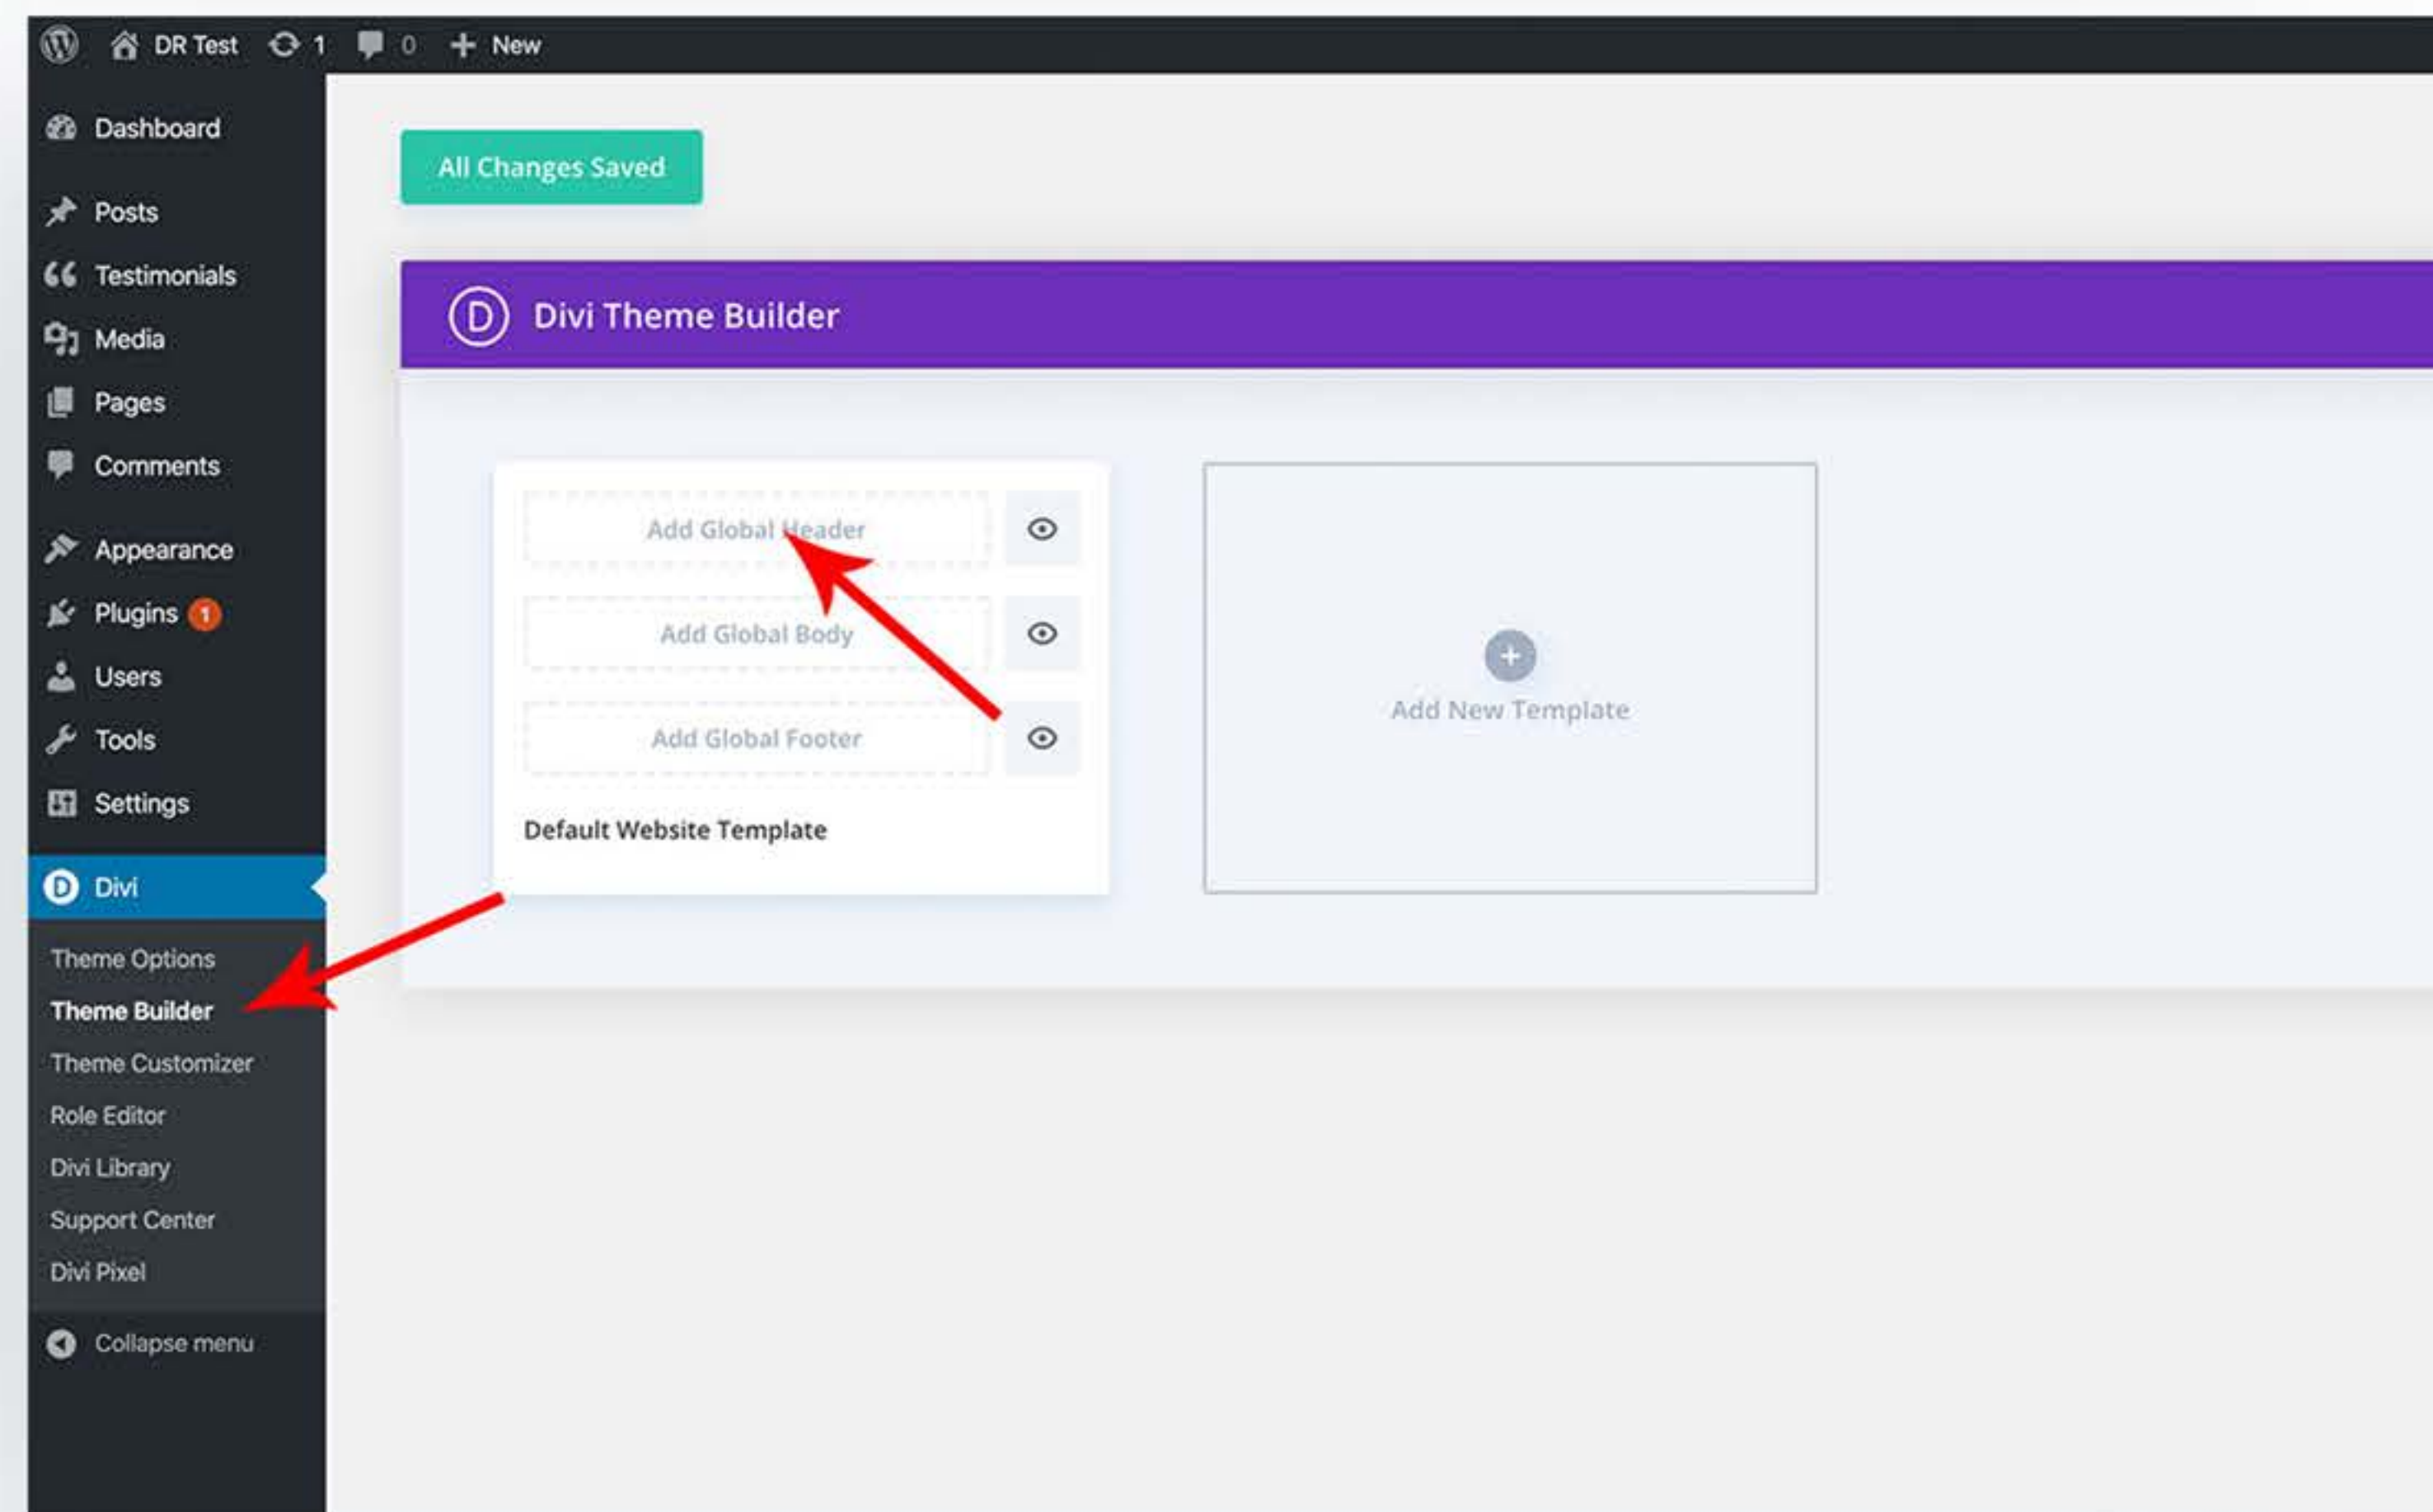

- 3 After importing is completed, you should see all Header Layouts listed in the Divi Library.

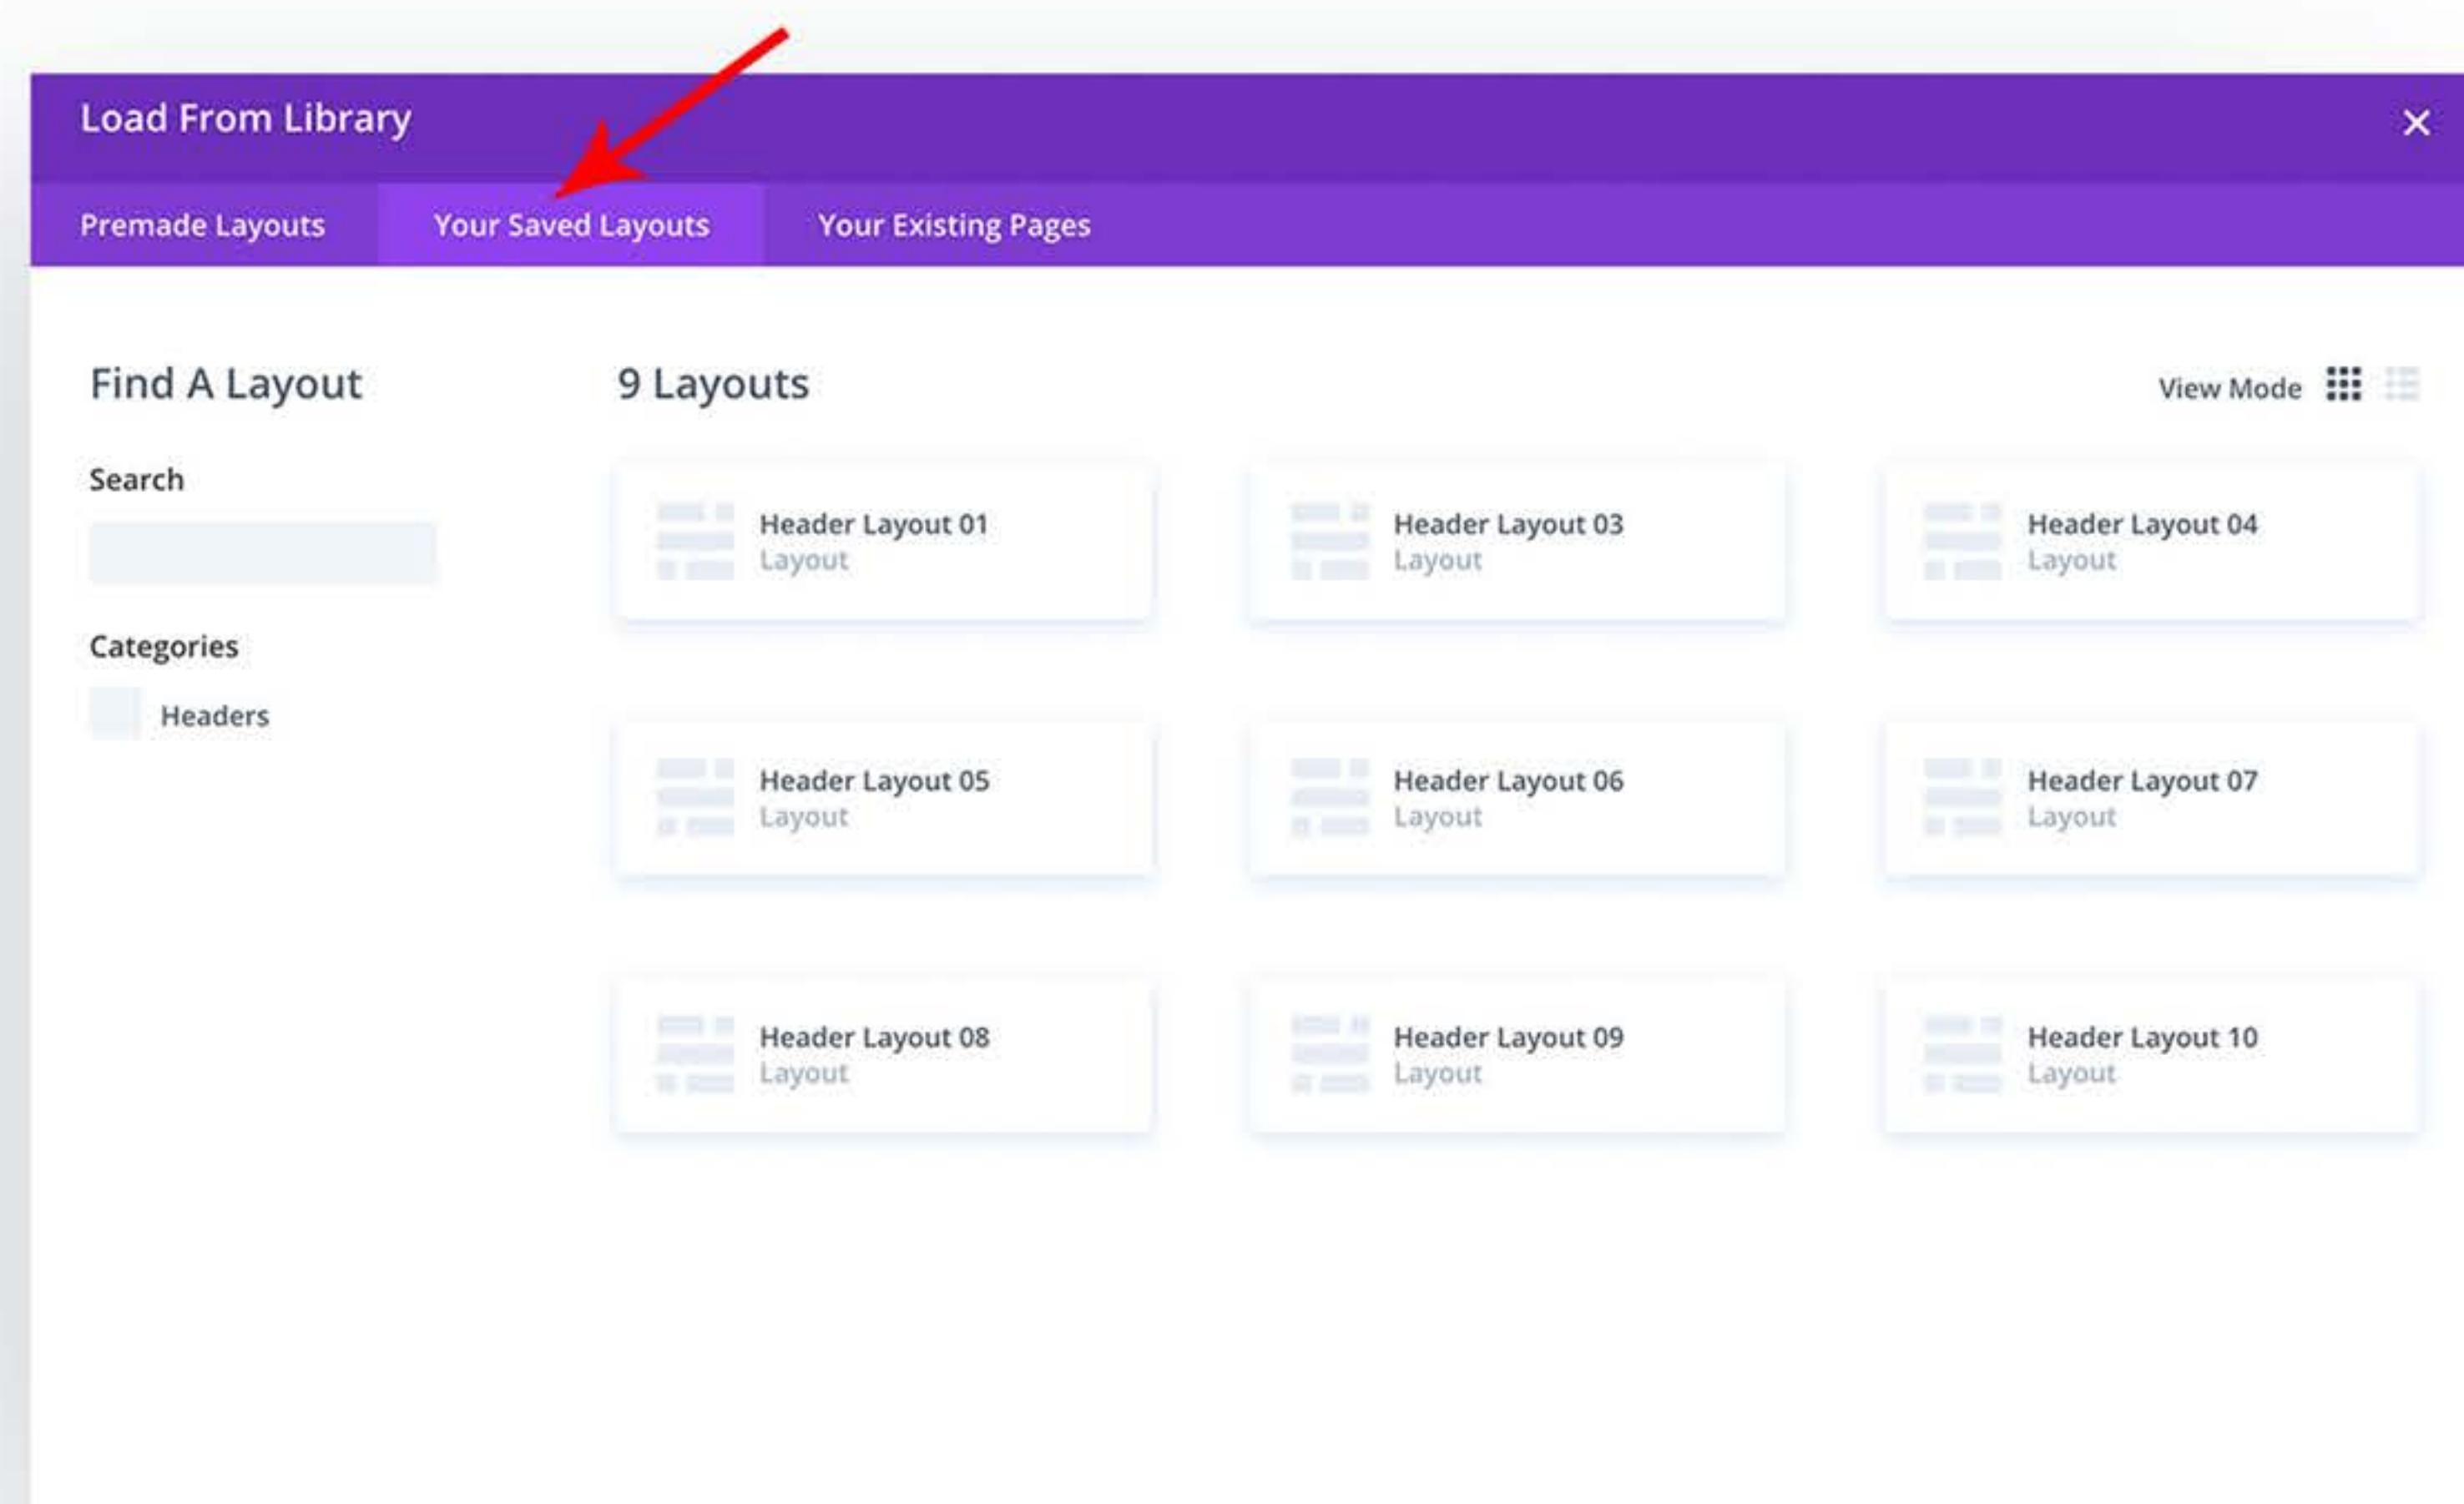

Setting up header as global in Divi Theme Builder

1 Go to **Divi/Theme Builder** and click **Add Global Header** and select **Add From Library**

2 In the modal popup select **Your Saved Layouts** tab and choose the header layout you would like to use

3 Your header is now added. Click **Save Changes**
